'A. B. C. ! If you can justify your part in the enactment of that LEGISLATIVE papers in the North and West have MONSTER, the Apportionment Law, come raised their subscription and advertiforward, like men; and vindicate yourselves before your constituents!

Again; why was the proposition to form a Senatorial district of Harrison and Car roll, rejected? Gen. Bostwick the repre sentative of Harrison county was favorable to that proposition. The location and population of the two counties clearly indicated the propriety of such a connexion; and such was the opinion of one of the ted to the writer of this article, before that especially true, it is in the case of pub try, Essays, Criticism, Notices of the Fine committee made the report. If our immediate representatives, the Columbiana Larder for what they earn, and no eminence. A regular correspondence members, had desired to discharge Carroll men ought to be paid with more will be maintained with Washington, and from their custody and acknowledge her promptitude. The fact is, their terms the principal Cirles of the Union, and arindependence, an ample opportunity was in general, when compared with the rangements are in progress by which letafforded. But those members had a very different purpose to subserve They intended to perpetuate the dominion of Old Columbiana over Carroll; and, so far as the election of Senator may be involved (the representative in congress having been proviously secured,) they will have ple of Carroll unite, as one man, with be the case. Newspapers now have interfere with a general variety. The ha those of Columbiana, who are disposed to become as important to the communido Carroll justice, and resist the first at- ty as almost any thing else we can tempt that may be made to exercise that name, and the better they are suppordominion oppressively.

If then, the positions which we have assumed on this subject be correct (and advantage and usefulness for every ter as any weekly paper now published in we hold ourselves ready to sustain them, at all times,) it is not true that the Colum biana member's 'consented' to unite with Carroll, because the representative of no other county would consent to unite with her; but it is true that this union was the result of the wilful and preconcerted action of the Columbiana delegation. Nor do we censure them alone for this flagrant violation of the rights of the people - the members from the adjoining countres (with one exception,) are equally partici pes criminis. But why, it may be asked, agitate this matter now? or at any other time? Have the people of Carroll any possible means of redress? It must be conceded that, without the co-operation of Columbiana, which from a proper sense of justice Carroll has a right to ex pect, the latter county must, for the next four years, submit to the outrage which has been perpetrated upon her rights, by the Apportionment Act. But indeed, if we had no means of redress, it would illy become the free spirit of this people, to hug the chains attempted to be riveted upon them, and yield to their oppressors in humble submission and with dogged si lencel

We have now discharged what we have conceived to be our duty, with as much Whiskey-per gal. by bbl. of moderation as the nature of the subject would admit. We have felt no disposition to put the Columbiana delegation to the torture; and, if they honour our remarks as they did those of 'Equal Rights,' with a dignified silence which tacitly ad mits the truth of those remarks, we shall suffer neither mortification nor disap Fishpointment; for there are men who have not firmness and honesty of purpose enough to avoid a dishonorable action, who yet have too quick a sense of shame | Salt-per bbl. to attempt the justification of their con Sugar, Muscovado & NO per lb 124a14 duct.
